## **Interactive-cum-Mentoring Session on “Self- Employment, Start-up, Entrepreneurship”**

Centre for Industry Interaction (CII) & IQAC organised an Interactive-cum-Mentoring Session on the topic “Self- Employment, Start-up, Entrepreneurship”. The session was organized on 23rd April, 2021. It started with a warm welcome of the guests, respected Principal sir and all other teachers. After that Vedang sir started to talk about his works and his journey, as being a notorious guy in school and college to a successful person, a businessman. The first thing that he told me was-discipline is the key and also he gets up at 4 a.m. in the morning daily. Then he began to tell his journey from college as he started his first startup at the age of 19 while he was in second year of college that was an event management company. He gave much importance to using college as an opportunity. Then he told about start-ups and entrepreneurs, how they work and their impacts on other people too. While guiding students he told them to explore new things, take risk, travel and to learn new skills. Then he talked about how SLC helped him in grooming and developing leadership and to manage things, how teachers and college provided opportunities and how to grab them fully. Then there was a knowledgeable Question and Answer round where students asked about the problems that they face while trying to create something and also how to convince family and others for your plan, etc. The session ended with a vote of thanks to the speaker and all the attendees. But the biggest surprise and a great opportunity to Shyam Lal College students by Vedang Sir was announced that whoever has any idea for a start-up or something related to that can contact him and he will provide funds for it. It was a moment of joy for students as well. Dr. RuchikaRamakrishnan, CII and Alumni Affairs Convenor was also giving her inputs throughout the session. 75 students attended the interactive session. There was positive feedback from all the attendees. Overall the workshop was successful.
