

INDUSTRIAL VISIT- Mother Dairy

3rd April 2019

Industrial visit has its own importance in a career of a student. It is considered as a part of college curriculum. Main aim industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Students are able to better identify their prospective areas of work in the overall organizational function. Industry visits help enhance interpersonal skills and communication techniques. Students become more aware of industry practices and regulations during industry visits. Another objective of industrial visit are to provide students an insight regarding internal working of companies.

Skill Development Cell of Shyam Lal College (University of Delhi) organizes regular Industrial Visits to provide an outbound learning experience and industry exposure to the students. A visit to Mother Dairy Plant, Patparganj was organized on 3rd April,2019 for a batch of 78 students where they got to learn the insights of the plant as well as career opportunities in the sector.

Students got the methods of procuring milk, its processing and distribution. Different level strategies were understood by the students and were enriched with the knowledge. They also got to know about the nutritional values of variety of milks provided by Mother Dairy. Students had an interactive session over there and were able to visit the plant which is under very high hygiene supervision.
