

A Brief Report on Visit to NSIC, Okhla Industrial Estate

Educational visit is considered as one of the tactical methods of teaching. The main reason behind this- it lets the student know things practically through interaction, working methods, and employment practices.

A one-day visit was organized by IIC and E-Cell for their members on 26th April 2022. Objective of this visit was to familiarize students with real-life scenarios of the environment and to provide practical exposure. Total 32 students for IIC and E-Cell attended this visit.

Students were briefed about the working, Courses, how NSIC is helping budding entrepreneurs to achieve their goals, and the Impact of NSIC in **AtmaNirbhar Bharat** by NSIC coordinator Dr. Haroon. He also explained about different courses offered by NSIC

Students were shown various machinery like Dona Making, Bottle Making, Tissue Paper making, Paper Cutting, Notebook Making, Spices grinding etc. that are being used in industries.

After the refreshments, all students and faculties were taken to the advance training institute of NSIC where students learned a lot about Interior and Exterior Designing, Machine and Robotics programming etc.

This visit inculcated the entrepreneurship spirit in the members, they got a know- how of entrepreneurship and how they can start up their own venture. This visit also educated students about various other initiatives of governments and Schemes that help budding entrepreneurs. Students also learned a lot about the machines, technology and courses that are being run by NSIC.

The students gave positive feedback after NSIC where they were showcased various models of industrial tools and machines, and they learned many new things for starting a business.

This Visit ended with a lunch organized by Dr. Bharat Bhushan and Dr. Balram.
