Research Papers:

1. "Synthesis of coumarin derivative"
European chemical bull 3(1): 63-69.

Link to the article/paper

https://epa.oszk.hu/02200/02286/00023/pdf/EPA02286_european_chemical_bulletin_2014_01_063-069.pdf

2. "Comparative study of efficiency of HPA bentonite"
International Journal of Chemical & Petrochemical Technology (IJCPT). 4(1): 19-22.
(Scopus, UGC care list)

Link to the article/paper

http://www.tjprc.org/publishpapers/2-27-1389096184_2.%20Comparative%20study.full.pdf

3. "Solvent free method for deoximation reaction"
International Journal of Applied, Physical and Bio-Chemistry Research (IJAPBCR)
3(5):1-12. (Scopus, UGC care list)

Link to the article/paper

<http://www.tjprc.org/publishpapers/--1465973217-1.%20A%20Solvent%20free.full.pdf>

4. "Silicotungstic acid modified bentonite"
Journal of Analytical Sciences, Methods and Instrumentation (JASMI) 3(4): 193-201.

Link to the article/paper

https://www.scirp.org/html/3-1000108_38322.htm

Conference Proceedings

1. "clays: A noble acid catalysts" (Abstract in Conference proceeding).
National Conference NCC 2016 Environment & Harmonious Development 0(0): 93.
