

## Donation Drive ' 23

The donation drive was held in month of September, where our team visited the Vishalakshi non-governmental organisation which works in the welfare of educating economically backward classes. In the collaboration of Vishalakshi Ngo and Udgam society, Udgam society distributed various stationaries, books, clothes etc. The donation drive was started by Udgam in the college premises. Our society raised donations through various means such as monetary funds, clothes, notebooks, books or any sort of contribution one desired. We were overwhelmed with the responses from college students and specially our team who contributed the most in this whole drive.

The Udgam team consisted of Lisha Anand, Arpit Arora, Shreyas Jha, Palak, Aditya, Vignesh and Ashish who visited Vishalakshi Ngo and distributed the collection which were raised for them. By the end we were rewarded with smiles of content and ambitions in the eyes of the young children. There's no greater good than the one did by oneself. Udgam believes in taking the first leap and inspire the rest to do the same.
