DIPLOMA IN JAPANESE LANGUAGE

Diploma in Japanese language was started by CSD in year 2021-22. Japanese, a rich and intricate language, is spoken by over 125 million people worldwide. Known for its unique writing system comprised of three scripts: kanji (adopted from Chinese characters), hiragana, and katakana, Japanese offers a window into a vibrant culture. Its grammar structure, unlike English, is subject-object-verb, requiring learners to adapt their thinking. Politeness levels, such as "keigo," add layers of complexity, reflecting Japanese societal norms. Japanese is not just a means of communication but a gateway to understanding Japan's traditions, literature, and modern innovations, making it a captivating language to explore and master.
