

### **8<sup>th</sup> July 2016: Universal Business Excellence Model by Dr. Balvir Talwar**

**Brief CV of the Key Speaker:** Dr. Balvir Talwar is General Manager, Bharat Heavy Electricals Limited. Dr. Talwar is working in BHEL since 1983 and has experience in diversified fields like Strategic Planning, Business Excellence, CSR, Quality, Productivity and Industrial Engineering etc.

**Summary of the Lecture:** Vedic philosophy derives infinite creativity, actions and power from the universal laws of Nature. Rig-Veda explains that physical as well as moral laws govern the entire universe. Universal Business Excellence Model (UBEM) is an attempt to integrate philosophy of the East with excellent practices of the West. Universal Business Excellence Model (UBEM) has been evolved by integrating contemporary business excellence models with universal laws to facilitate multi-dimensional business growth. UBEM stresses that profit is not the ultimate objective of the business, but a means to achieve the sustainable success. It identifies the “Values & Process Flow” and measurement of “Multiple Bottom-lines” as key to the success for any organisation.

Lecture was attended by 46 students.
