

## **A BRIEF REPORT ON**

### **“JOURNEY OF AN ENTREPRENEUR”**

**Organized by The Entrepreneurship Cell, Shyam Lal College**

**On September 11<sup>th</sup> 2017**

The Entrepreneurship Cell, Shyam Lal College organized various events which served as a platform for the students to enhance their skills. It organized an interactive session “Journey of an Entrepreneur” on 11<sup>th</sup> September'17. Mr. Anthony Hall, Founder and CEO of “The Rose of Education Organization” visited our campus to share his perspective from a real time start-up. The Rose of Education Organization is a U.S.-based non-profit educational organization that seeks to provide high quality educational opportunities for children. Its mission is to promote, support, and establish educational opportunities for children in disadvantaged areas. The foundation also seeks to strengthen individuals and families by encouraging and teaching valuable life skills, by developing honorable citizens and leaders, and by promoting educational excellence.

The event was well attended by the faculty as well as students, and the response was overwhelming! When a session is comprehensible, questions crop up, and, therefore, the session saw wonderful and very active interaction between the audience and the speaker. The students clarified their doubts related to the topic of the session. This session was special in itself as the discussion was accompanied by appropriate examples and amazing demos. Altogether session was very interactive and it created a sense of awareness among students. The speaker of the event expressed his gratitude towards everyone who joined. He also wished best of luck to everyone and also gave some tips to gain success in future. The seminar ended on a positive note and was a successful one.

Our heartiest thanks to Mr. Anthony Hall for his valuable time. We are grateful to our Principal Dr. Rabi Narayan Kar, for always encouraging us and supporting us. We would also like to extend a special gratitude and vote of thanks to our faculty mentors, Dr. Bharat Bhushan, Ms. Jyoti Sindhu, and Ms. Monika Khemani. It could never be a success without the enthusiastic participants and the

E-Cell Team. We hope to continue with many more such successful events. The event was attended by 70 students.
