

Eco-club (the_last_leaf) Shyam Lal College

Report on Eco- club fest

In collaboration with

Department of Environment, Government of India

Eco Club is a platform on which students get knowledge about the environment. It contributes to improving environmental conditions and it offers programs & activities to encourage others to reduce pollution, plant trees and also to promote sound environmental behavior. So our college also joined hands with the Department of Environment, Delhi Government and started initiatives about environmental concern. Eco-club was started in the college to create awareness regarding various environmental issues and concerns among students of different streams. SLC's Eco-club initiative also aimed at spreading environmental awareness among individuals and citizens in and around the individuals living in the vicinity of the college. Therefore, for the first time Eco club, Shyam Lal College Organized the Inter College Eco- Fest on 26th -28th Oct 2016 with the aim to work towards environment well-being and to raise the student's interest over environmental issues. **Eco-fest** was organized with the inauguration of the Herbal garden in the College premises by our esteemed guest B. C. Sabata (Sr. Scientific Officer) Department of Environment. The newly created herbal garden is intended to spread awareness about the rich heritage diversity of medicinal plants like Tulsi, Lemon grass, Ajwain, Kalpavriksh etc. and various environment related programmes/activities were conducted like Rangoli competition (Theme: Environment), Poster making competition Theme- ozone layer depletion), **Quiz** competition (Theme-Paris climatic changes), **Nukkad Natak** (Theme anti fire crackers campaign), **Debate** (Theme River Yamuna about to die youth ki Awaz) and also students joined hands to form **Human** chain in the college premise as a part to shows support towards rising pollution and various environmental issues. Around 120 students registered in this event with huge enthuse.
