

## Frugal Innovations and Social Entrepreneurship, 21st May, 2020

Speaker: *Dr. Raman Gujral Professor EDII, Ahmedabad, Gujarat*

Frugal innovation is term commonly used in India and other developing countries. It usually refers to the removing non-essential features from a durable good to make it usable again. Speaker discuss the different techniques used in India in this field.

It was an excellent & exotic presentation on Improvisational innovation with Frugal Engineering, Speaker rightly explains frugal innovation and rural women empowerment.

The Hindi term **Jugaad** literally means "an arrangement or a work around, which has to be used because of lack of resources". In a broad sense, the term refers to a certain resourcefulness and innovation found in Indian cities.
