A Brief Report on A visit to Shahadra Mandi**

Plastic bags are one of the most commonly used things today. It makes our work easier and gives us a lot of conveniences. They have formed an essential part of our lives now. We use them almost every day for various purposes. There are a number of reasons to say no to plastic bags. We must stop using them to better our environment and save it from degradation. There are various eco-friendly alternatives that can be used to stop the usage of plastic bags. In this regard, a visit to Shahadra Mandi was also organized on 25th July, 2018 to create awareness about the harmful effects of polythene bags on the environment. Sample jute bags were distributed among the local shop keepers. The aim of this visit is to increase awareness regarding jute bags and stop using plastic bags. More than 30 volunteers participate in this event.
