Report on “Holi Celebration”

“On the auspicious occasion of Holi the NSS Unit of our college went to spread the colours of happiness at Nayi Duniya Oldage Home which is a organization for helpless people on March 22,2024 (Friday).

The Volunteers made Inmate’s pHoli enjoyable by taking sweets and colours with them. Everybody started gathering and applying colours to each other's faces. All the volunteers met each and every inmate as a family which made them feel homely. So, without any hesitation, all of them shared their feelings and emotions not only this but they also gave blessings. The visit became more delightful when everyone started dancing and singing songs. However, all realised that they were lonely people craving love and affection which made everyone expressive.

But the atmosphere was filled with hope and their eyes described their emotions clearly. Yet the inmates were wearing a joy on their faces to celebrate this occasion of fizzy shades and vibrant colours.
