“Selfie Frame for Voters Awareness”

6th March, 2024

The NSS Unit of SLC organized a vibrant event centered around a selfie frame, capturing the attention of students while also focusing on the crucial theme of voter rights and registration. The event aimed to enlighten students about the significance of their voting rights and guide them through the process of registering for their voter ID cards.

In today's democratic society, students must understand the power of their vote and actively participate in shaping the future of their nation. Despite being educated, many individuals remain unaware of the importance of exercising their right to vote and the process involved in obtaining a voter ID card.

The event featured engaging presentations by electoral officials and civic educators who highlighted the significance of voting in a democratic system. They discussed the rights and responsibilities of voters, emphasizing the role of young voters in influencing political decisions and bringing about positive change.

Practical sessions were conducted to demonstrate the voter registration process, helping students navigate through the necessary steps and paperwork required to obtain their voter ID cards. Volunteers were on hand to provide assistance and guidance, ensuring that every student had the opportunity to register and participate in the electoral process.

In addition to promoting voter awareness, the event also encouraged students to take selfies with voter awareness slogans and hashtags, spreading the message across social media platforms and encouraging their peers to get involved.
