## **PREAMBLE**

Enactus SLC organized a slum visit to start for the project "PRAYOJYA" on ground level, members of Enactus SLC visited its beneficiaries at Hafiz Nagar.

## **Our Beneficiary**

Ms. Rekha, one of our beneficiaries in project Prayojya agreed to work with Enactus SLC in our project and meet up discuss further possibilities to increase production and continue the business and to collaborate again for future projects.

With the help of Enactus SLC under Project Prayojya which turned out to be a remarkable success, Ms. Rekha found a new business and have continued the manufacturing of products with her skills and ideas.

Within a short span of time, our beneficiary was able to convert her hobby into a profitable business. The business was offering a lot of value to the customers and therefore she was able to sell her products in other countries too. This helped her in earning a living as well as supporting her family as they were facing a financial problem.

A team of 21 students met the beneficiaries and discussed our upcoming project, its products, the potential markets available, and various other areas concerned with the project.

The meet went fruitful as our initiative for the collaboration with the ladies of Hafiz Nagar is confirmed and we will soon be planning to start working with our full potential!

The objective of the visit was achieved. This Visit would help Enactus SLC to analyze it's potential and be ambitious & practical at the same time.
