

UNNAT BHARAT ABHIYAN, SHYAM LAL COLLEGE

Visit to Village Dhitora

The Unnat Bharat Abhiyan team of Shyam Lal College comprising of 8 students and other faculty members, visited one of its adopted villages, Dhitora on 10th August, 2019 to better understand the problems faced by the villagers. The students took part enthusiastically and approached the villagers with open heart. They were keen to understand the life led by the villagers and to make a difference, wherever possible. The students were all ears to the issues communicated by the villagers and even brought the same to the notice of the UBA team of the College. The students were promised of best possible action by the College authorities and their efforts were duly appreciated.

The following problems highlighted during the said visit:

1. Issues with water logging during rainy season due to proper waste water disposal system. The open drainage system of the village leads to breeding of mosquitos.
2. Issues with village garbage disposal system.
