DECODE THE DILLEMA: A CASE STUDY COMPETITION

DATE- 14TH-15TH March,2024

PARTICIPANTS:-96

The Centre for Skill Development (CSD) & IQAC of Shyam Lal College organised a Case Study competition titled, 'Decode the Dilemma ' on the 14th& 15th of March, 2024. The competition had a preliminary round, which boasted a participation of over 90 teams and individuals. There were 2 different case studies for both commerce and non-commerce background students. Only 6 were selected from the large pool of participants to battle it out in the final round.

The event was structured to foster critical thinking and collaboration. Teams, composed of individuals from various backgrounds, worked together to address the given dilemmas, which ranged from operational challenges to strategic decisions. The preparation involved deep analysis and creative problem-solving, culminating in presentations that showcased each team's approach.

The diversity of the participating teams enriched the competition, bringing a wide range of perspectives and ideas to the fore. The judging panel, comprised of industry experts and academics, evaluated the presentations based on criteria such as creativity, feasibility, and strategic insight. This rigorous assessment process highlighted the high level of talent and ingenuity among the participants.

The competition successfully met its objectives by engaging a large number of teams in solving complex business problems. The competition not only showcased the participants' problem-solving abilities but also contributed to their personal and professional development. The event highlighted the importance of collaborative thinking and strategic planning in addressing real-world business challenges.
