

REPORT

INDUSTRIAL VISIT TO NEW HOLLAND FIAT INDIA PRIVATE LIMITED

Date	24th April 2024
Venue	New Holland Fiat India Private Limited Plot No. 03, New Holland Rd, Udyog Kendra 2, Ecotech III, Greater Noida, Uttar Pradesh 201306 Phone: 0120 305 6000
Participants	32

On 24th April 2024, a group of 32 students from Shyam Lal College embarked on an industrial visit to New Holland Fiat India Private Limited, located in Greater Noida, Uttar Pradesh. The visit was organized under the guidance of our convener, Prof. Kavita Arora, along with other faculty members.

New Holland Fiat India Private Limited, supported by CNH's global organization, stands as a leading figure in agricultural machinery, offering innovative solutions to the farming sector. Renowned for its cutting-edge products such as sugar cane harvesters featuring billet cane technology and a range of agricultural equipment including cotton pickers, balers, crop choppers, and mower conditioners, the company has made significant strides in the Indian market.

The primary objective of our visit was to gain insights into the manufacturing process of tractors, a key product line of New Holland Fiat India. This visit provided an invaluable opportunity for students to witness firsthand the intricacies of tractor production and understand the dynamics of the agricultural machinery industry.

Upon arrival, we were warmly welcomed by Mr. Ghidyal at New Holland Fiat India Private Limited. Mr. Ghidyal initiated a productive discussion with the students, shedding light on the company's operations, its contributions to the agricultural sector, and the challenges and opportunities in the industry.

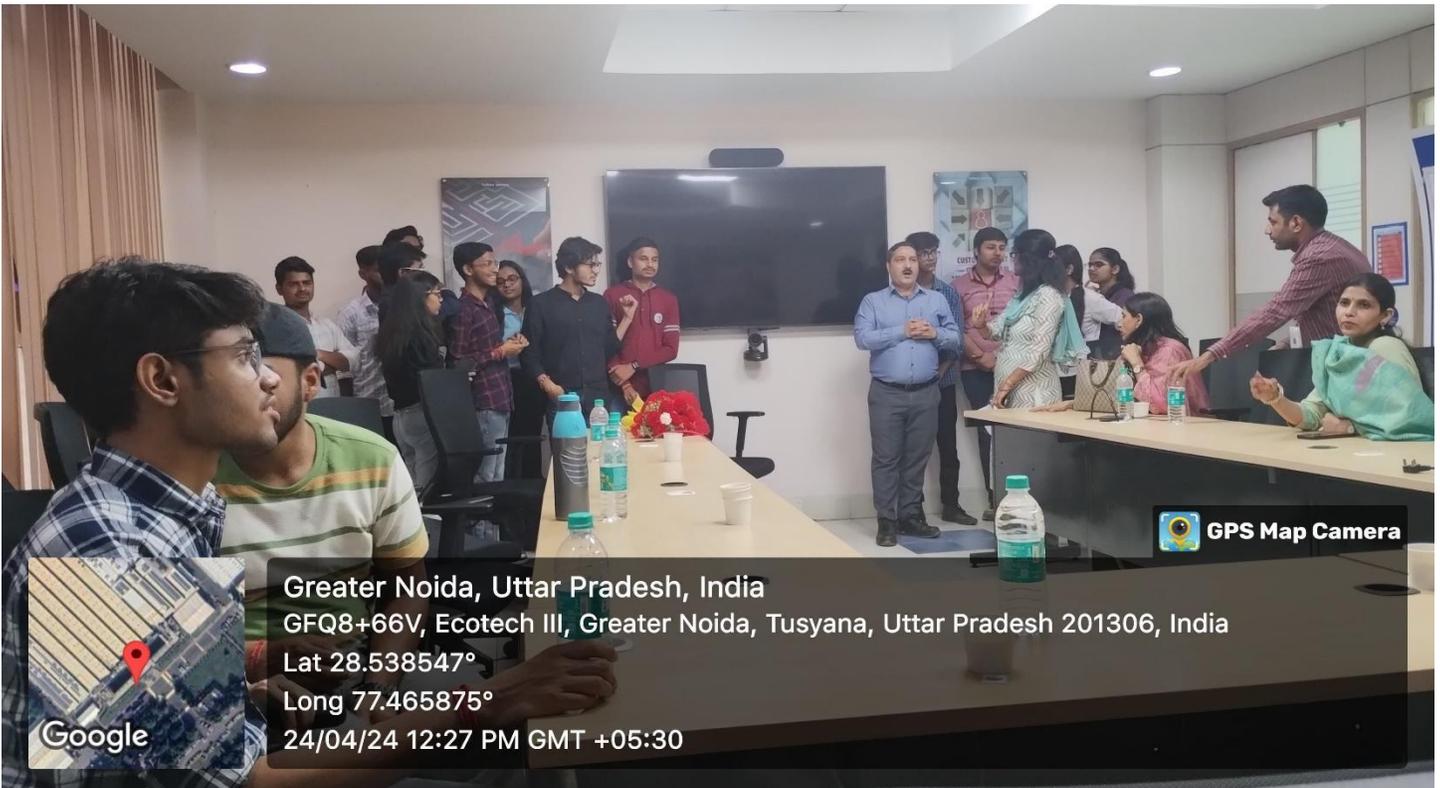

Later, Mr. Deepak graciously led the students on a comprehensive tour of the manufacturing plant. With his vast experience and expertise, he provided detailed insights into each stage of the manufacturing process, from raw material procurement to final assembly. Students actively engaged in the tour, asking questions and deepening their understanding of the manufacturing techniques employed by the company.

At the conclusion of the tour, the students had the opportunity to engage in further dialogue with Mr. Ghidyal. He elaborated on the industry's future prospects and discussed potential avenues for employment and career advancement within New Holland Fiat India Private Limited.

Conclusion:

The industrial visit to New Holland Fiat India Private Limited proved to be an enriching experience for all participants. It offered a rare glimpse into the operations of a leading player in the agricultural machinery sector and equipped students with valuable insights into the intricacies of tractor manufacturing. We express our sincere gratitude to the management and staff of New Holland Fiat India Private Limited for their hospitality and for providing us with this invaluable learning opportunity.
