
ENTREPRENEURSHIP CELL

INTRODUCTION

The foundation stone of the Entrepreneurship Cell of Shyam Lal College was laid in September 2016 and since then the cell has majestically expanded and fostered entrepreneurial spirit in the students.

ORIENTATION

The Cell conducted its official orientation ceremony on August 23, 2019 to welcome the newly onboarded members and to position align them for the Entra year 2019-20.

The guest of honour for the ceremony was **Mr. Puneet Raman**, founder and director of **Prowisdom Growth- Connecting Education with Livelihood: Skill Development and Mentoring**. The team believed that the secret of getting ahead is getting started strategically hence the cell set four major goals for the Entra year 2019-20 after understanding briefly about its on-going projects and achievements so far.

Mr. Puneet had an interactive session with the team, helping everyone realise the true sense of entrepreneurship. He made everyone understand that entrepreneurship can be a daily practice and the difference between who you are now and who you want to be is the real entrepreneurial stretch. The discussion ended with finalising the target audience; within whom we shall develop a true entrepreneur spirit– **1000**—which was **200** people directly; and **800** people indirectly by the end of the year. A **B-Plan** competition would be conducted in the month of October within the college premises. Prowisdom Growth promised to organize **monthly skill development workshops** for the core team. The event was attended by 70 participants.

The best preparation for tomorrow is doing your best today. It was an orientation worthy attend which gave us the right direction for the whole year.
