### **Rally Plastic free city**

### **In Collaboration with**

### **UBA and Department of Environment, Government of India**

Plastic pollution is evolving as a top menace to ecosystems. Scientific studies specify that an emerging threat to the whole world. Since plastics are cheap, versatile, and strong, and deliver significant societal benefits (e.g., energy savings, consumer protection, and healthcare innovations) it comes as no surprise that plastic production has increased exponentially since 1960s. So with the aim, Eco club SLC, In Collaboration with UBA and Department of Environment, Government of India organized an awareness Campaign/Rally in campus and nearby areas ( Navin Shahdara & Seelampur) and try to make understand the masses and the youth about the adverse impacts of non-biodegradable plastic pollution and its negative consequences on 14<sup>th</sup> - 15<sup>th</sup> of Oct 2019.

They also aware them on the plastic ban and make a plastic-free city. The students displayed banners and placards emphasizing the need for a collective endeavour to eradicate plastic bags usage in our vicinity. A pledge avoiding the use of plastic was also taken by all the participants and they also distributed handmade paper bags. Around 80 students participate in this drive.
