On the eve of the International Day for Biological Diversity, the Eco Club of Shyam Lal College organized an online student presentation on the theme "Turtle Security Awareness for a Sustainable Future." The event took place on May 22, 2023, in collaboration with the Department of Environment, NCT of Delhi. The objective of the event was to emphasize the significance of turtle security awareness in ensuring a sustainable future. Turtles play a crucial role in maintaining the health and sustainability of our planet's ecosystems. However, they face numerous threats, including habitat loss, climate change, pollution, and poaching. Approximately 40 students actively participated in the event, displaying their enthusiasm for turtle conservation. The presentations delivered by the students shed light on the importance of protecting turtles and highlighted the various challenges they face. They also proposed strategies and solutions to promote turtle security and ensure their survival.
