*In collaboration with*  
**Department of Environment, Government of NCT, Delhi**

Embarking on a journey towards a greener tomorrow, the Eco-Club volunteers at Shyam Lal College have launched the 'Promoting Waste Segregation in the Campus: A Green Initiative.' With unwavering commitment, our goal is to inspire and mobilize fellow students towards sustainable practices. A dedicated team of 15 volunteers took this initiative and spread awareness among other students on the eve of 2<sup>nd</sup> October 23, encouraging them to adopt the same in their localities. Waste segregation, a small yet impactful step, contributes to environmental sustainability. By sorting waste into recyclables and non-recyclables, we not only create a healthier environment but also promote responsible waste management. Through this initiative, we aim to instill environmental consciousness, fostering a community actively engaged in building a more sustainable future.
