

Eco-club (the_last_leaf) Shyam Lal College
In collaboration with
Department of Environment, Government of NCT, Delhi

The Eco club volunteers of Shyam Lal College organized a campaign titled "Festival Air Care Drive – SAY NO TO CRACKERS" on October 30th-31st, 2023, aimed at mitigating the harmful effects of air pollution during festive seasons, particularly among the elderly and children in society. They raised awareness through poster displays and pamphlet distributions across various regions, including Bihar, U.P, Chandigarh, and Delhi. A team of 10 students spearheaded this initiative, actively engaging school-going children in educating them about the adverse impacts of pollution. Furthermore, they took to the streets to communicate with the masses about the repercussions of polluted air. Not only that but these devoted green warriors even engaged bus drivers & haulers roaming highways; helped deepen their interactions within various community areas while underscoring important lessons (such harsh realities) regarding toxic smog emissions' dire consequences. Additionally, the volunteers initiated tree plantation drives for environmental restoration.

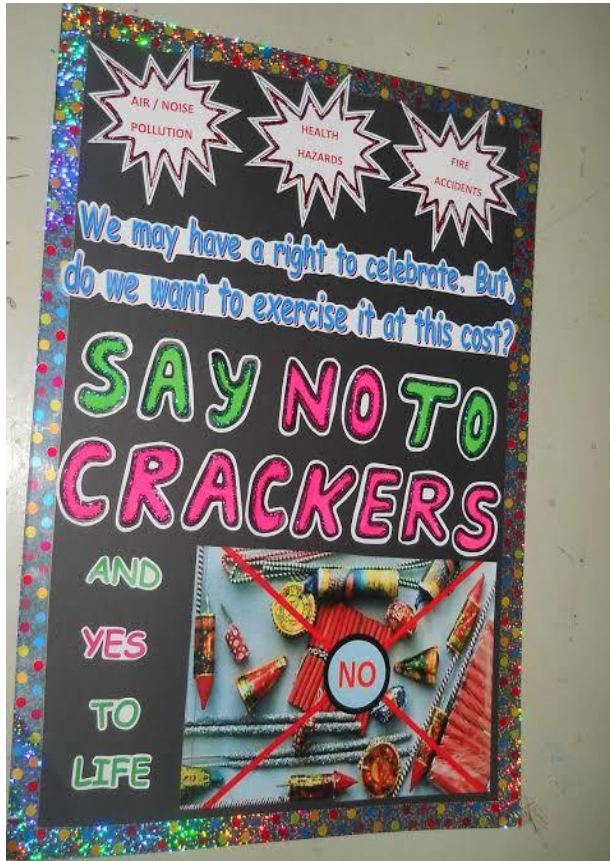

The poster is yellow with black and red text. At the top, there are three logos: the University of Delhi logo on the left, the Eco-Club logo in the center, and a purple circular logo on the right. Below the logos, the text reads: "SLC (University of Delhi) SHYAM LAL COLLEGE NAAC A++ & NIRF AIR 68". In the center, it says "ECO-CLUB (the_last_leaf) organises FESTIVAL AIR CARE DRIVE on SAY NO TO CRACKERS". Below this is a red circle with a diagonal slash over a black silhouette of a hand holding a lit match. At the bottom, it says "(30th – 31st OCTOBER, 2023)".
