

## **Eco-club (the\_last\_leaf) Shyam Lal College (M)**

*In collaboration with*

### **Department of Environment, Government of NCT, Delhi**

The Eco-Club of Shyam Lal College, University of Delhi, in collaboration with the Department of Environment, NCT of Delhi, organized a series of educational and environmental awareness visits to various biodiversity parks. The visits were conducted between 30th November and 20th December 2025. Total 60 students participated in the visit. The parks visited included Kamal Nehru Ridge, Aravalli Biodiversity Park, Sunder Nursery, and Yamuna Biodiversity Park. These visits provided students with first hand exposure to Delhi's rich biodiversity and offered valuable insights into ecosystem conservation, native flora and fauna, and the role of biodiversity parks in urban sustainability. Through guided tours, interactive sessions, and observations, students learned about species preservation, ecological restoration, and the importance of maintaining natural habitats in combating climate change and urban environmental challenges. The initiative not only enriched students' environmental knowledge but also inspired them to become active participants in biodiversity conservation and eco-friendly practices. It reflected the Eco- Club's continuous efforts to promote awareness, education, and sustainable living among youth.
