Overall Report of Activity

Date: 11th December 2023

Time 10:15 AM-11:15AM

"Empowering ourselves and fostering a collective commitment to a Developed Nation, 'Viksit Bharat @2047' has been launched on MyGov. As responsible citizens, it's crucial to recognize our individual roles in this transformative journey beyond just education, with the added incentive of contributing to the nation's progress.

One impactful way to make a difference is by embracing eco-friendly practices, such as using public transportation, conserving electricity, and saving water. These actions not only benefit the environment but also contribute to the overall sustainability and development of our nation.

Moreover, we can become role models for the younger generation, instilling in them a sense of responsibility and civic duty. By embodying the values we wish to see in our society, we pave the way for a brighter future.

Another avenue for personal contribution lies in honing and promoting essential skills. By focusing on personal and professional development, we not only enhance our own capabilities but also contribute to the nation's workforce and economic growth.

As we approach the significant milestone of 25 years, let us recognize it as a pivotal moment in our nation's transformation. Each of us plays a vital role in shaping the destiny of our country. Let's seize this opportunity to work collaboratively, with determination and dedication, towards building a stronger and more prosperous India by 2047."

Key Learning and Take-Aways:

Prime Minister Narendra Modi delivered a compelling address to the youth, emphasizing the significance of individual responsibility and the overarching mission of Viksit Bharat @2047 as the paramount objective for India. The key learnings and takeaways from his speech are as follows:

1. **Holistic Development:** The Prime Minister highlighted that academic excellence is crucial, but the youth must also focus on developing a diverse set of core skills. This broader skill set will not only benefit individuals but contribute to the overall progress of the nation.

2. **Environmental Consciousness:** A call to action was made for the youth to take environmental responsibilities seriously. This includes a more conscientious approach to using public transportation and adopting resource conservation practices, aligning with the mission's vision for sustainable development.

3. **Societal and Individual Growth** PM Modi emphasized the importance of considering both societal and individual growth. It's not just about personal success but also contributing to the advancement of society as a whole.

The live telecast of the event at Shyamlal College's Seminar Hall, attended by 60 participants from various departments, aimed to spread awareness about the role of creativity, innovation, and technology in societal advancement. The goal of the seminar was to inspire individuals to actively engage in these areas, aligning with the objectives of Viksit Bharat @2047. The Institution Innovation Council played a pivotal role in organizing and hosting this impactful event. The gathering provided a platform for students and faculty to absorb and reflect upon the transformative vision outlined by the Prime Minister, fostering a sense of responsibility and commitment to the nation's development.
