The Institution's Innovation Council (IIC) successfully conducted its first session on "Idea Generation for Startups" focusing on fostering a culture of innovation among students. The session was designed to help participants develop creative solutions to real-world challenges, emphasizing practical approaches to idea generation.

Students showed strong enthusiasm and commitment toward innovation throughout the session. Many demonstrated a keen interest in pushing the boundaries of traditional thinking, with a focus on creating solutions for various industries. The diversity of ideas showcased their willingness to innovate and contribute meaningfully to different sectors.

The session saw a wide range of ideas emerging from different academic fields:

1. Technology: Students proposed cutting-edge technological solutions, such as apps and platforms aimed at solving societal challenges.
2. Healthcare: Several ideas focused on improving healthcare access and patient care through innovative devices and digital services.
3. Sustainability: Eco-friendly products and services were discussed, targeting sustainability and environmental preservation.
4. Education: Students presented ideas on improving educational methods through the use of digital platforms and tools.

The session was a successful start to promoting innovation within the institution, inspiring students to take the first steps toward their entrepreneurial goals.
