1.Objective

The primary objective of this motivational expert session was to enable students to understand the value of determination, creativity, and purpose-oriented thinking through the inspiring journey of Mr. Shubham Maheshwari, Founder & CEO of Being Chef. The session aimed to encourage students to look beyond conventional paths and explore their hidden potential by embracing innovation and problem-solving in everyday life. Another goal of the session was to highlight how challenges, when approached with persistence and clarity, can evolve into life-changing opportunities. Additionally, the event focused on nurturing leadership qualities, decision-making

skills, and confidence among students, which are essential for emerging entrepreneurs and future professionals. It also encouraged students to learn from real-world examples and develop a growth mindset that supports lifelong learning and meaningful contribution to society. Overall, the session intended to motivate students to dream boldly, act responsibly, and move forward with purpose and resilience.

2. Benefits of the Session

- Deep Personal Motivation:

Students gained an understanding of how real-life struggles and everyday observations can become the foundation of strong entrepreneurial ideas. Listening to Mr. Maheshwari's story helped them realize that success does not require perfection from day one—rather, it requires courage to begin and dedication to continue.

- Practical Life Lessons:

The emphasis on gratitude, optimism, time management, and smart work provided students with practical tools to handle academic and personal challenges. These skills are not only valuable in college but also essential in shaping one's professional identity.

- Career and Personality Development:

Students understood that college years are the best time to build personality, confidence, and communication skills. They were encouraged to participate in activities, take responsibilities, and use every opportunity to grow into well-rounded individuals.

- Vision for the Future:

The speaker's message encouraged students to prepare for long-term success instead of following temporary trends. The session helped them realize the importance of consistency, legacy-building, and inner clarity in achieving meaningful accomplishments in life.

3. INTRODUCTION

The session commenced with an auspicious beginning through the Saraswati Vandana, followed by the Delhi University Kulgeet, which set a positive and inspiring environment for all attendees. The presence of respected dignitaries, including Professor Rabi Narayan Kar (Principal), Professor Kusha Tiwari (IQAC Director), Dr. Saubhagyalaxmi Singh (IIC Convenor), and Dr. Bisla Devi (Faculty Coordinator), enriched the significance of the event. Faculty members from various departments and enthusiastic students joined collectively, contributing to a vibrant and energetic atmosphere. The anchor extended a warm and heartfelt welcome to all present, appreciating their presence and expressing gratitude for their involvement in making the event memorable. The introduction also highlighted the purpose of the session and the importance of hearing from young entrepreneurs who have set examples through their inspiring journeys. This created an engaging beginning that aligned well with the theme of motivation, innovation, and future readiness.

4. SPEAKER PROFILE:

MR. SHUBHAM MAHESHWARI

Mr. Shubham Maheshwari is a dynamic, young entrepreneur and a proud graduate of NIT Jaipur (Batch 2013), where he excelled in both academic and leadership roles, serving as the Vice President of the college and being recognized as an all-round achiever. He is known for his involvement in socially impactful initiatives, including the Anna Hazare-led movement in Rajasthan, showcasing his strong sense of responsibility and activism from a young age.

Professionally, he has earned prestigious recognitions such as the Change-Maker Award 2019, along with features on widely respected platforms like TEDx and Josh Talks, where he shared insightful perspectives on innovation and purpose. Today, he is celebrated as the Founder & CEO of Being Chef, a successful and rapidly growing food-tech startup transforming the cooking experience for thousands of people across India. His vision centers around simplifying daily life while promoting healthy and convenient food choices, making him an inspiring role model for aspiring entrepreneurs and youth leaders.

5. ABOUT BEING CHEF

Being Chef is a Bengaluru-based food-tech innovation that has revolutionized everyday cooking for individuals who lack time, resources, or culinary expertise. Built on the idea of “making cooking effortless even without a kitchen,” the startup provides DIY meal kits and healthy prepared meals that combine taste, convenience, and nutrition. The brand was created to support working individuals, students, and families who struggle to maintain balanced eating habits amidst demanding schedules.

Beyond cooking solutions, Being Chef promotes the idea of community, comfort, and emotional connection through food, ensuring that people experience both ease and joy in their everyday meals. Over the years, the company has garnered widespread appreciation for its unique model and has successfully served lakhs of meals across multiple cities. The essence of Being Chef lies in addressing real-life needs with empathy, innovation, and quality —making it an exemplary case of purposeful entrepreneurship in India.

6. SESSION OVERVIEW

The session delivered by Mr. Shubham Maheshwari was filled with powerful messages, heartfelt storytelling, and life-changing insights. He spoke extensively about the value of initiative, self-belief, and the importance of taking responsibility for one's dreams. The session highlighted how determination and vision can turn even the simplest ideas into impactful ventures.

- **“Stop Complaining , Start Acting.”**

He emphasized that true progress begins when individuals shift from complaining to taking meaningful steps toward solutions. Using references to the spirit of Rang De Basanti, he reminded students that real change is driven by the courage to participate, question, and act. He encouraged everyone to reflect on their habits, break free from excuses, and build a mindset that actively takes on challenges instead of avoiding them.

- **Build a Legacy That Outlives You**

He motivated students to live a life of purpose rather than just chasing temporary achievements. Sharing examples from his school eco-club activities to various college leadership roles, he explained how each experience, whether big or small, contributed to shaping his personality. His message stressed that students should invest in creating an identity and impact that remains valuable even years after their journey.

- **Smart Work Over Stress & Pressure**

Mr. Maheshwari explained that stress often stems from lack of direction, not lack of ability. He urged students to adopt smarter approaches by planning effectively, staying organized, and focusing on progress rather than perfection. He highlighted that smart work amplifies results, frees up mental space, and leads to better academic and personal outcomes.

- **Gratitude, Optimism & Celebrating Small Wins**

He reinforced that gratitude and optimism serve as powerful tools for staying resilient. Celebrating small achievements builds confidence and helps individuals stay motivated even when the bigger goal seems far away. He compared life to a series of small steps where consistent positivity helps overcome uncertainties and attract better opportunities.

- **His Inspiring Journey: From Corporate Life to Being Chef**

He shared moving anecdotes from his life—such as organizing a rally at Amar Jawan Jyoti as a student, recognizing the struggles people face in finding time to cook, and taking a bold decision to leave a stable corporate job. These experiences shaped his vision for Being Chef and taught him that meaningful ideas often emerge from observing everyday problems. His journey demonstrated that courage, clarity, and commitment can turn challenges into stepping stones.

- **The Birth and Growth of Being Chef**

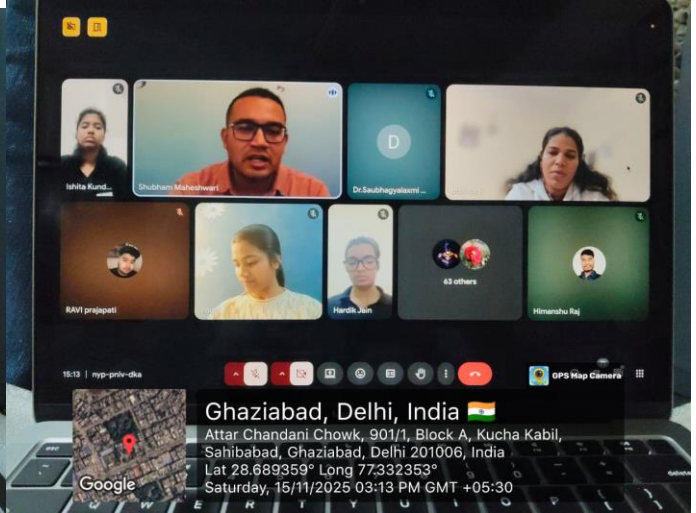

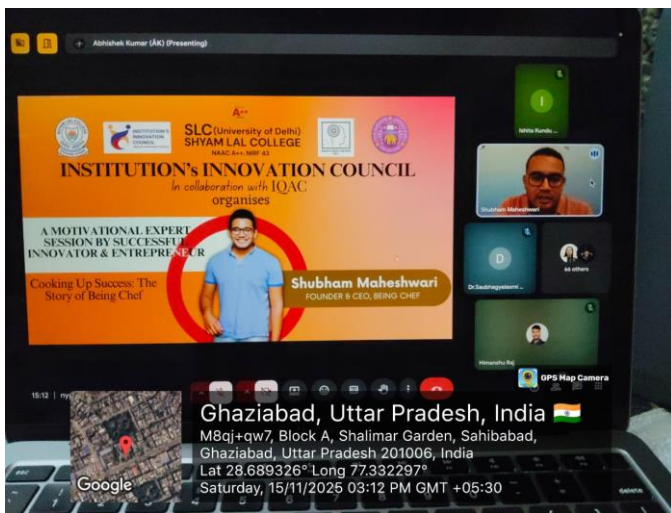

Being Chef emerged from his simple but powerful observation that modern lifestyles make healthy cooking difficult. His idea grew slowly yet consistently as he experimented, failed, learned, and improved his product and strategy. Over the years, the venture expanded into a trusted brand serving lakhs of customers. He reminded students that every great initiative begins small, but with consistent effort, it evolves into something transformational and deeply impactful.

7. Q&A SESSION

The Q&A allowed students to interact directly with the speaker, asking questions related to entrepreneurship, time management, risk-taking, overcoming fear, and deciding when to take unconventional career paths. Mr. Maheshwari provided thoughtful and practical answers, encouraging students to embrace clarity, self-reflection, and confidence. His responses highlighted that every journey is unique, and students must trust their instincts while remaining committed to personal growth.

8.CONCLUSION

The session concluded with motivating reflections on the significance of youth leadership, innovative thinking, and the power of taking action. Students were encouraged to believe in their dreams and work towards building meaningful contributions to society. The vote of thanks expressed gratitude to the speaker, dignitaries, faculty members, and all participants for making the event successful. The session ended respectfully with the National Anthem, followed by a feedback form circulated to gather insights for future programs
