

# **Report: Session 2023-24**

## **SLC North Eastern Cell**

### **Activity: Cultural Programme**

The North Eastern Cell of Shyam Lal College organised a Cultural Programme on the 29<sup>th</sup> of April 2024 from 10 am onwards. In the programme, North East Indian students studying in the college performed songs and dances from the North East. The main motive of the programme was to highlight the diversity of India, specifically cultures from the North East which may not be in the mainstream as compared to others. Principal Sir Rabi Narayan Kar graced the occasion and encouraged the students, and the audience too, to continue making the college vibrant and multicultural. The charm of the occasion was made grander by the audience which consisted of teachers and also students from various parts of the country studying in the college. Around 40 students and 7 faculty members attended the programme. The event was organised under the leadership of Dr. Abbasuddin Tapadar, the convenor of the North Eastern Cell, along with Dr. Rohit Jahari as the teacher coordinator.
