SLC PLACEMENT CELL**

**SEMINAR-CUM-WORKSHOP ON  
"What after Graduation?"**

**Jan 25, 2018**

The Placement Cell of Shyam Lal College, in association with T.I.M.E. Education, organised a Seminar-cum-Workshop on January 25, 2018. The focus of attention was the topic: "What after Graduation?" Opening remarks and introduction of the programme was given by Mr. Anil Khurana, Convenor, The Placement Cell. The key speaker for the day was Mr. Amit Sinha. Dr. Rabi Narayan Kar, Principal, Shyam Lal College and Mr. Anil Khurana welcomed him wholeheartedly with a token of gratitude.

Mr. Amit suggested the students to set SMART goals and made them aware of the different opportunities after graduation. The seminar was centered on the job options that the students have after Graduation, how to prepare for MBA and education abroad and most importantly, Career Counselling. The students were taught the importance of Planning, Decision Making, Critical Thinking and Time Management. There were a lot of intelligent questions being asked by the students on how to decide what they can be, which were attended to, by Mr. Amit. He informed them about the important exams and the cut-throat competition among students. Towards the end of the session, he interacted with the students and cleared their doubts and queries.

Career planning is the answer to the question "what after graduation?" After graduation, most of the people go through the job search process. Job hunting is an activity that a lot of us would just avoid as long as possible. We are aware that in today's world having a job has become a necessity of life. We always change our minds and we may have made wrong choices or the job that held such promise has turned to dust. Career planning is a lifelong process which includes getting a job, working on our skills, finding out our expectations from life and even retiring. All such aspects were comprehensively covered by the Speaker.

In the end, Mr. Anil Khurana gave a formal vote of thanks to him. The seminar was followed by an aptitude test. It was conducted to make the students aware of the pattern of various competitive exams and entrance exams of B-Schools. To conclude, it was a very interactive and informative session. The event was attended by 84 students.
