

SHYAM LAL COLLEGE
UNIVERSITY OF DELHI
TRAINING AND PLACEMENT CELL

COMPITO'23

Introduction:

On February 13th and 14th, 2023, ShyamLal College (NAAC A++), University of Delhi, held a job fair for students seeking internships and job opportunities. The event aimed to connect students with various organizations offering internship and placement opportunities. The job fair was organized by the college's placement cell, and 30+ companies participated in the event. The students were interviewed for 25+ diverse profiles ranging from Business Development Associates, HR Associates, Marketing and Sales Managers, etc.

Venue and Participants:

The job fair was held in the college main ground and lasted for 5 hours from 11:00 am to 4:00 pm. The event witnessed the mammoth registration of more than 750+ candidates of ShyamLal College. There were around 500+ students from commerce background, 150+ students from arts background and 100+ students from science background. The participating organizations came from various sectors like IT, finance, consulting, retail, and manufacturing, among others. The fair witnessed participation from various companies and start-ups. The companies had set up stalls in the ground where students could interact with the company representatives and learn more about the job and internship opportunities available.

The list of companies included Profusion Consulting, WealthClinic, ByJU's, Flipkart, ICICI Bank, MCD, Paytm, Rozgaar.com, etc

Event Highlights:

The job fair began with greetings by the college's principal, welcoming the companies and students to the event. The placement cell team then briefed the students on the process of interacting with the company representatives and how to make the most of the event.

The students were then free to move around and visit the stalls of the various companies. The companies had set up posters, banners, and brochures showcasing their organization and the job or

internship roles they were offering. The students were free to approach the company representatives, ask questions, and learn more about the opportunities available.

Several companies also conducted pre-placement talks, where they discussed their company culture, job roles, and expectations from the students. This provided students with an opportunity to get a better understanding of the company and its work culture.

Conclusion:

The job fair was a successful event, with students getting an opportunity to interact with top companies and learn about various job and internship opportunities. The students were enthusiastic and had an active participation throughout the event. The college placement cell also received positive feedback from the participating companies, who were impressed with the quality of students and the event organization. Overall, the job fair was a significant success and helped to connect students with companies looking for talented and skilled employees
