

ADVISORY COMMITTEE

Prof. K.G. Suresh
Director, India Habitat Centre

Prof. Avinash Chandra Pandey
Director IUAC, New Delhi

Dr. Chandrasekhar Buddha
CEO, Anuvadini AI and Chief Coordinating Officer, AICTE,
MoE, Government of India

Prof. Raj Kishore Sharma
Dean Research, University of Delhi

Dr. Ajay Kumar
Scientist F, DRDO

Prof. Bibudhananda Biswal
Cluster Innovation Centre, DU

Prof. Asharam Tripathi
Head & Dean (Ex) Faculty of Commerce, BHU

Ms. Kanchan Rani
Scientist-E/Additional Director, NIELET

SPOTLIGHT

Engaging sessions by renowned professors, scientists, and industry experts- aligning with vision of NEP 2020- focusing on:

- ♦ Choosing effective research topics
- ♦ Writing impactful research papers
- ♦ Publishing in Scopus/SCI-indexed journals
- ♦ Registering startups
- ♦ Filing and publishing patents, copyrights, and other Intellectual Property
- ♦ Exclusive Dinner Opportunity at India Habitat Centre, Delhi and many more

SRINEP 2025

- ♦ Applications open for Undergraduate and Postgraduate students
- ♦ Competitions for presenting Innovative Startup Ideas/Research Papers

ATTRACTIVE PRIZES

Opportunities in Research Innovation & Startup Incubation, Scholarships from NIELIT and many more

Theory to Practice Workshops

Research Ethics

Inspirational Mentors

Idea, Incubation & Implementation

Breakout Sessions

Dive Deeper

Research Snippets & many more

Power BI

Registration Open Date: 20th September, 2025
Registration Deadline: 29th October, 2025

About SRINEP 2025

The NEP 2020 envisions a holistic, flexible, and forward-looking academic ecosystem that nurtures creativity, critical thinking, and innovation. In tune with this vision, the proposed National Summit titled SRINEP 2025 (Student Research & Innovation under NEP) aims to provide a dynamic platform for students to engage with the ethos of research, innovation, and multidisciplinary learning. SRINEP 2025 will not only familiarise students with the key features of NEP 2020 but also enable them to explore its transformative potential for their academic and professional growth. The Student Research and Innovation Summit under NEP 2020 will provide a dynamic platform for young minds, where the focus will be primarily on developing solutions for societal problems through creativity and critical thinking. It aims to encourage a spirit of innovation by promoting interdisciplinary collaboration and to inspire students to think beyond boundaries and design impactful outcomes. The Summit will offer inputs for startup and venture development through skills, mentorship, and exposure, thereby transforming innovative ideas into sustainable enterprises that contribute to society.

About SLC

Since SLC's inception in 1964, our institution has been a cornerstone of academic excellence, community connection, and sensitivity towards the environment, besides providing quality education to students from neighbouring underprivileged communities. The College is now among the best institutions in the entire University of Delhi and takes pride in informing you that we have been accredited with an A++ Grade by the National Assessment and Accreditation Council (NAAC). Furthermore, the College has consistently been ranked among the top 100 colleges under NIRF, with a current ranking of 43rd. Over the past several years, the College has been making steady progress towards achieving academic excellence. The endeavour of the College has always been to make higher education meaningful, holistic, and pragmatic, while at the same time being more adaptable to the ever-changing demands of our society and the world. We at SLC are pioneering the implementation of NEP 2020.

About IQAC

The college IQAC was established in 2016 for ensuring quality in the academic and co-curricular aspects for the benefit of its stakeholders as is visible with the college attaining A++ Grade in the 2nd cycle of NAAC accreditation along with being featured among the top colleges of India as per NIRF rankings. Since its establishment, the IQAC of the college has functioned in tandem with different Departments, Centres and Cells for the development of the best holistic academic environment and experience for the students. The clear transformation in the research and academic profile of the college research became visible when International and national conferences, workshops, FDPs and SDPs became a regular feature of the academic year in SLC from 2016 onwards. The IQAC of the college also timely conducts Academic Audit, annual participation in the NIRF Rankings, organizing Smart Office training programmes for Non-teaching staff of the college. The IQAC also incorporate students and involves them in the decision making about quality initiatives undertaken. Also the IQAC of the College fully supports and motivates Centers and Clubs to take up socially relevant and environmentally sensitive issues. All in all, the IQAC of SLC plays a very dynamic and proactive role in taking the institution forward in its path of progress and growth by fulfilling its mission that, overall, works to attain SLC's vision through short term and long term institutional planning.

About Research & Development Centre

SLC has established a Research and Development (R&D) Centre with the mandate for promoting quality research that contributes meaningfully towards the goal of a self-reliant India ("Atma-Nirbhar Bharat"), aligned with the provisions of NEP-2020. R&D Centre aims to create a conducive environment in the college for high quality, impactful and sustained research output. For this purpose, the R&D Centre will focus on promoting research activities to encourage faculty members and students to engage in research projects arranging workshops to enhance research skills, disseminate knowledge and facilitate collaboration among researchers promoting inter discipline research developing collaboration across industry, government, community-based organisations, and agencies at the local, national, and international level.

About Institution's Innovation Council

The Institution's Innovation Council was established at Shyam Lal College under MOE's Innovation Cell, an initiative launched in November of 2018. The primary mandate of Innovation Cell, MHRD is to encourage, inspire and nurture young students by supporting them to work with new ideas. SLC's Innovation Council works towards inculcating the spirit of innovation among students, and developing a start-up ecosystem. At IIC-SLC, students participate in mentoring sessions workshops and innovative idea competitions outside college. Faculties are also involved different innovation ideas and published design patent also many more patents under Intellectual property of India under Patent office Government of India. The council conducts various activities to inspire creativity and nurture a startup ecosystem and conducting Hackathon also innovation presentation for inter college students. The Institution Innovation Council (IIC), Shyam Lal College has been awarded a prestigious 3-star rating by AICTE.

Key Highlights

- ♦ Hands on session on Research Methodology, Research Ethics and Academic Writing Workshop
- ♦ Panel Discussion on Research and Innovation Ecosystem
- ♦ Course and Programme Specific Separate Academic Sessions
- ♦ Keynote Lectures on NEP 2020 and its opportunities
- ♦ Knowledge Exchange and Networking Opportunities
- ♦ Student-led Presentations on Innovative Projects
- ♦ Opportunity to Listen, Connect and Present Your Ideas in front of industry Experts

Expected Outcomes

- ♦ Nurture a research-oriented mindset aligned with the goals of NEP 2020, integrating innovation, technology, and societal relevance
- ♦ Development of research and innovation skills among students with an orientation towards practical problem-solving
- ♦ Strengthened collaborative and multidisciplinary engagement among young learners
- ♦ Encourage students to design and present research proposals addressing contemporary academic, social, and industrial challenges
- ♦ Provide training and exposure to Power BI and other data visualization tools for research, analytics and decision-making
- ♦ Promote innovation-driven projects that offer practical solutions for societal problems
- ♦ Foster an ecosystem for start-up ideation and venture creation through mentorship, incubation and networking opportunities
- ♦ Inspire students to think beyond disciplinary boundaries and collaborate across fields
- ♦ Build a platform for knowledge exchange through panel discussions, keynote sessions and workshops
- ♦ Provide inputs for start-up development, including guidance on business models, funding and scaling
- ♦ Create opportunities for industry-academia interaction to align student innovations with market and policy needs
- ♦ Encourage students to translate research into sustainable, real-world applications that benefit communities

How to Apply: The applicant must fill the online application form to apply using the google form link given below:
