

## **FDP REPORT**

A Faculty Development Programme on 'Indian Knowledge System: Revisiting Indian Literary and Cultural Traditions' was conducted by the Department of English, Shyam Lal College, in collaboration with Malviya Mission Teacher Training Centre, NIEPA from 24th - 29th June, 2024.

There were four sessions, of 1.5 hours each, everyday. There were 23 well renowned resource persons from the field. More than 250 participants enrolled and attended the FDP. The aim of the FDP was to connect the participants with the concept of Indian Knowledge Systems and help them apply it in real life for the advancement and creation of knowledge. As the NEP has been introduced in the Educational System, a greater emphasis has been laid on holistic development and multidisciplinary/cross-disciplinary thinking approaches.

The Programme was a great success as the speakers conducted each session with zeal and could eventually equip the participants with the tools/knowledge envisaged. The participants also showed their appreciation to the speakers at the end of each session and their take-aways from the FDP were well reflected in their assessments.
