

SEMINAR on “भारतीय गणित की शैली “ on 16 FEB 2023

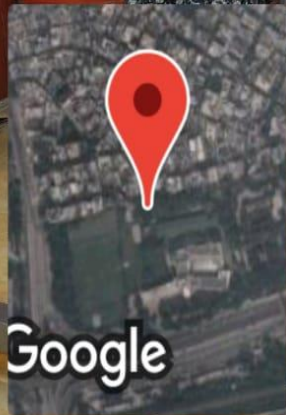

The Department of Mathematics, Shyam Lal College in collaboration with Saraswati IKS Centre conducted a Seminar on भारतीय गणित की शैली on 16th Feb 2023. The programme was conducted under the guidance of Principal Prof. Rabi Narayan Kar. The resource person of the event was Mr. Tejas Rajendra Kulkarni, Vagyakulam, Pune. The seminar hall was aesthetically decorated with mathematically informative posters & rangoli. The programme commenced with the conventional lighting of lamp followed by the saraswati vandana. After felicitation ceremony, Principal Dr. Prof. Kar, delivered the thought-provoking presidential address. He highlighted the ancient Indian culture and education system which is appreciated by many foreign philosophers. He elaborated the evolution of Vedic maths and how it is helpful to the students to come out successful in various entrance and competitive examinations. Prof. Kusha Tiwari, Convenor Saraswati IKS Centre emphasized the importance of the inclusion of the Indian knowledge system in our present curriculum. The resource person Mr. Tejas Rajendra Kulkarni expounded the contribution of ancient Indian mathematicians mainly Bhaskaracharya. He explained the concept of addition, subtraction and fractions from the Lilavati- Bhaskaracharya treatise on mathematics. He pointed out many mathematical applications in our daily life. He also inspired the audience by telling ancient ways of learning mathematics. The session was enthralling and full of zeal. Mr. Balram Kindra, TIC proposed the vote of thanks. The programme ends with the National Anthem. Around 70 students participated in this event.
