

REPORT ON THE STUDENT EXCHANGE PROGRAMME UNDER CIMO INTERNATIONAL PROJECT

It was a matter of great pride for the Department when two of its students Mr. Angad Anand, B. Com (H) 3rd year and Mr. Abhishek Bery, B. Com (H) 3rd year were selected for the International Student Exchange programme under the CIMO International Project to visit TUAS and XAMK, FINLAND for a period of one month in September 2017. The International Exchange Programme is a unique concept of our College which helps in career development of the students. It provides the students with an opportunity to engage and learn from cross cultural environment with academicians and their fellow students from different universities and countries. Infact, we are in the midst of our first International Exchange Programme with Finland where the Center for International Mobility (CIMO), Finland sponsored 4 of our students to Finland in September 2017 for a month. The College has successfully organized this academic exchange programme between SLC and three oldest Universities from Finland - Turku School of Economics/ Pori Unit (University of Turku), South Eastern Finland University of Applied Sciences (XAMK), Turku University of Applied Sciences (as Coordinator), Finland based on the project" Responsible Business Professional For Finland and India Trade" (1st September 2016 – 31st August 2018) funded by The Center for International Mobility (CIMO), Finland. Department of Commerce in its efforts to maximise the teaching-learning outcome, has established CommBlaze: The Commerce Association that offers unique platform and opportunity to the students to have an enriched learning experience.
