

DEPARTMENTAL PROGRAM 2017

Title: Information literacy Programme (OPAC)

Physics department organized information literacy programme in collaboration with library department using E-resources and OPAC in computer centre of the library on 25 January 2017 under the convenorship of Dr. Seema Dabas, Teacher-in-Charge of the Physics Department. Information literacy is the ability to find, evaluate, organize, use, and communicate information in all its various formats, most notably in situations requiring decision making, problem solving, or the acquisition of knowledge. It is a combination of research skills, critical thinking skills, computer technology skills, and communication skills. Information literacy is essential for academic success, effective functioning in the workplace, and participation in society as knowledgeable citizens. Around 120 students attended this event.
