

REPORT –“ Rasayanika”

The "Rasayanika" event report for 2024, hosted by the **Department of Chemistry** at Shyam Lal College (Delhi University) on March 7, 2024, Thursday, is as follows:

SLC (University of Delhi)
Shyam Lal College
Accredited Grade A++ by NAAC, 68th Rank in NIRF

**PROGRAMMING SOCIETY OF
CHEMISTRY DEPARTMENT**
PRESENTS
RASAYANIKA-24

EVENTS

 *Poster Making*  **CHEMISTRY
QUIZ**  **SCAVENGER
HUNT**

9:30 AM-10:30AM 12:30PM-1:30PM 1:30PM ONWARDS

 **REGISTER NOW**  **7 MARCH 2024
SEMINAR HALL**

DR. REETA SHARMA
(TIC , CONVENOR) **PROF. RABI NARAYAN KAR**
(PRINCIPAL)

TEACHER COORDINATORS
DR. ADITI PURI DR. RICHA TYAGI DR.PREM LATA MEENA

ORGANISING TEAM
ALL FACULTY MEMBERS & STUDENTS OF CHEMISTRY
DEPARTMENT

This annual event featured a series of competitions, commencing with a poster-making contest centred on themes such as Green Chemistry, Environmental Chemistry, Chemistry of Cosmetics, and the Chemistry of day-to-day life. Approximately 50 students participated,

showcasing not only their creative prowess but also their analytical skills and positive approach towards the given tasks.

The poster-making session not only allowed students to exhibit their creativity but also encouraged them to apply critical thinking skills and demonstrate a positive attitude towards the assigned tasks.

(Students Making Posters)

Following this, a Chemistry Quiz Competition ensued, attracting over 50 participants who engaged in two rounds of quizzes consisting of 20 questions initially, followed by five tie-breaker questions. The participants exhibited great enthusiasm, striving to showcase their knowledge and insights in their quest for victory.

The quiz not only assessed their grasp of chemistry concepts but also tested their cognitive agility and ability to respond promptly within the time constraints imposed by the questions. Notably, participants from various departments and colleges enthusiastically joined the quiz competition, adding to the event's diversity and excitement.

(Quiz Competition)

Next, a Scavenger Hunt Competition was organized, with clues strategically hidden across the college campus. Participants followed a series of clues, each leading to the next, with the aim of completing the hunt in the shortest time possible. The students displayed remarkable enthusiasm and dedication, employing their collective brainpower to decipher the clues and progress through the challenges.

Overall, the event provided a platform for students to demonstrate their creative thinking abilities, deepen their understanding of chemistry, and showcase their aptitude for quick problem-solving. It was a thrilling and enjoyable experience witnessing the students compete fervently and give their best efforts.

The event concluded with the announcement of competition winners and closing remarks by the Teacher-in-Charge & Convenor, Dr. Reeta Sharma. "Rasayanika 2024" was made possible through the collaborative efforts of the Chemistry Department, faculty, students, and volunteers, all of whom contributed significantly to its success.

Convenor:

Dr. Reeta Sharma

Teacher Coordinators:

- **Dr. Aditi Puri**
- **Dr. Richa Tyagi**
- **Dr. Prem Lata Meena**

Organizing Team:

All Faculty members of Chemistry Department.
