The Paralympic Games or Paralympics is the largest international event for disabled athletes and societal change. It take place shortly after every Olympic Games in the same host city. The Paralympic Games are held every two years – alternating between the summer and winter Paralympic Games.

From last 2 years para sports is happening in India ,on 2023 it was first introduced in India by PM Modi and it is second time happening in India it is a very good step taken by government to promote

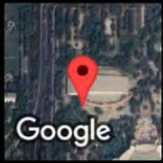

We went there around 2:30 and then we have seen a lot of cadets from different colleges. There were chief guest and a lot of players who played para games. There were players who have achieved medals in Paralympic which held all over world.

Firstly there was a torch lighting ceremony which was done by chief guest and by the players who had played in paralympics. Then there was a dancing and singing performance which was very mesmerizing.

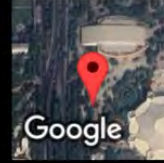

We all enjoyed there a lot with different college's cadets. Then we got refreshment and a t-shirt which had a logo of khelo india.
