

UNNAT BHARAT ABHIYAN, SHYAM LAL COLLEGE

Visit to Village Chirodi

The Unnat Bharat Abhiyan team of Shyam Lal College, SLC visited one of its adopted villages, Chirodi on 22 September, 2019 to interact with villagers and identify the problems faced by them. The visit turned out to be a success as the villagers welcomed the team wholeheartedly and extended their full support. A team of around 10 students first met the Sarpanch of the village who took them around the village to interact with villagers. The villagers saw a ray of hope in the students who were all ears to listen to their grievances. The students felt the need to bridge the gap and communicated the same to Principal Sir so that the same could be brought to the notice of the concerned. Our Principal Sir applauded the efforts of the team and assured them of taking the issue to the relevant authorities.

The Following problems were identified during the visit:

1. Village suffers from the proper drainage system. As a result water gets logged during rainy season.
2. Need for the repairing of the electric wires in the village.
