Date: 22 April 2024

Event name: Enactus at Bhim Rao Ambedkar College

Centre/Society: Enactus

No of student participants: 4

No of faculty participants: 3

We recently participated in the Convectus event hosted by Dr. Bhim Rao Ambedkar, University of Delhi. The event served as an excellent platform for us to showcase our innovative projects and engage with the vibrant community of students, teachers, and members.

We commenced our day by arriving promptly at the BRAC College campus around 10:30 a.m. The logistics involved a nominal fee of 1000 for securing the stall space. The stall was strategically designed to attract visitors and effectively display our projects: Sahajsmita, Pawshaak, and Swarnkriti. Each project was showcased with detailed information boards, visuals, and interactive elements to engage the audience effectively.

Throughout the day, our team members actively engaged with the attendees, including students, teachers, and other participants. This interaction not only facilitated knowledge sharing but also enabled us to network with individuals who share similar interests in social entrepreneurship and community development. We managed to generate sales revenue of approximately Rs. 1300.

In addition to managing the stall, some of our team members actively participated in the scavenger hunt competition organized as part of the event. This provided an opportunity for team building, fun, and friendly competition while contributing to the overall energy and enthusiasm of the event.

At around 3:00 PM, we concluded our activities at the stall. Our participation in the Convectus event at BRAC College Campus was a resounding success. We effectively showcased our projects, engaged with attendees, participated in event activities, and achieved financial profitability. This experience not only enhanced our visibility and credibility within the community but also provided valuable learning opportunities for our team members.
