REPORT ON

CHALCHITRA: SHIVAJI COLLEGE (6th November 2023)

Falcon Films commenced this fabulous session of competitions with Chalchitra at Shivaji College. With fresh ideas and a bold mindset, we signed up for this competition not just with the aim of securing first place but also with the motive of learning as much as we could.

And through the power of connection, we presented their cinematic gem, "Breaking the Silence." This short film, which delved into the journey of breaking the shackles of silence, particularly for those navigating new environments, bagged first place in the competition.

Through "Breaking the Silence," the Falcon Film Society explored themes of isolation and the struggle to find one's voice. The film's evocative narrative and compelling characters resonated deeply with the audience, highlighting the universal challenges faced by individuals in unfamiliar settings. The society's dedication to authentic storytelling and their ability to address profound issues through cinema were evident in every frame.

The success at Chalchitra was just the beginning for Falcon Film Society. The team's ability to weave compelling tales that connect with viewers on a profound level sets a high standard for the year ahead.
