

Report on Art Exhibition Competition

Date:- 27th February, 2025

Participant:- 25

Venue:- Ramanujan College

On 27th February, 2025, the creative corridors of **Venkateshwar College, University of Delhi**, transformed into a vibrant hub of colors, perspectives, and storytelling as it hosted a dynamic **Art Exhibition Competition**. The event brought together budding artists and photographers from across various DU colleges, all set to showcase their portfolios reflecting passion, precision, and personal expression.

The *Fine Arts, Photography, and Culture Society (FPCS)* of Shyam Lal College was proudly represented by four incredibly talented individuals — **Jiya, Sakshi, Riya Mittal, and Adarsh** — who presented a collective display of **art and photography portfolios**. Their curated exhibition stood as a brilliant reflection of both creativity and technical mastery, seamlessly blending visual narratives with thematic depth.

Each participant was allotted a designated space to set up and exhibit their work, with the freedom to express their artistic voice without limitation. The FPCS team's showcase featured a diverse mix — from intricate charcoal sketches and traditional art-inspired canvases to compelling photojournalism and conceptual photography. Their presentation not only drew the attention of attendees but also sparked conversations among the judges and fellow artists alike.

The event was conducted with high standards of organization, maintaining focus on originality, concept execution, visual impact, and thematic consistency. A panel of esteemed judges evaluated the exhibitions, and after a close deliberation, **FPCS was awarded the First Position**, acknowledging their exceptional group effort and creative excellence.

The winning team was honoured with **certificates of excellence and mementos**, as the crowd applauded their outstanding contribution to the exhibition. This achievement stands as a proud moment for FPCS, further

reinforcing its legacy as a powerhouse of talent and artistic innovation within the Delhi University circuit.
