

Report on On the Spot Photography Competition

Date:- 06th March, 2025

Participants:- 12

Venue:- Shyam Lal College (Eve.)

On 6th March, 2025, Shyam Lal College (Evening) played host to an exciting and creatively charged **On-the-Spot Photography Competition**, where frames spoke louder than words. Organized with the themes “*Frame in Friendship*” and “*Silent Conversation*”, the event brought together more than **30 participants**, each competing in various groups to capture the perfect shot that told a story without saying a word.

In this intense and closely contested event, two standout talents from the *Fine Arts, Photography, and Culture Society (FPCS)* of Shyam Lal College emerged victorious — **Abhishek Gautam** clinched the **First Prize**, while **Nisha** secured the **Second Prize**, showcasing their exceptional eye for detail and storytelling through the lens.

The competition challenged participants to explore emotion, connection, and narrative within their frames. Whether it was a quiet glance, a shared laugh, or a still moment bursting with unspoken meaning, the photographers had to interpret the themes through a single captured instant — all within a limited time and campus surroundings.

Abhishek’s winning photograph perfectly encapsulated the essence of silent bonds and visual harmony, while Nisha’s entry stood out for its emotional depth and composition, earning her the well-deserved runner-up position.

The judging criteria included originality, relevance to the theme, composition, lighting, and the ability to tell a story through the image. With such strong competition, their victories are a testament to both their individual talent and the creative standard upheld by **FPCS**.

The winners were honoured with **certificates of excellence and special recognition**, adding yet another set of accolades to the society’s growing list of achievements in the DU circuit.
